

For students in the class of 2017 and beyond.
Students in the class of 2016 can choose to use this sheet or the prior sheet.

Environmental Studies Major WORKSHEET

Last Name _____ First Name _____ ID _____
Other Major(s) and/or Minor(s) _____ Class _____

NOTE: Please circle course to be taken when there is more than one choice

PREREQUISITES (3 courses):

_____ Math 3 **or** Math 10 **or** the equivalent statistics course
_____ Chemistry 5 **or** Physics 3 **or** Biology 16 **or** Earth Sciences 1
_____ Economics 1 **or** Economics 2

REQUIREMENTS (10 total courses) Introductory courses (both required):

_____ ENVS 2 (Introduction to Environmental Science) **or** the equivalent
It is possible to substitute other course combinations for ENVS 2 on a two-for-one basis. The following may be combined with Biology 16: EARS 1, 6, ENVS 12 or GEOG 3. If BIOL 16 is taken as a partial substitute for ENVS 2, it may not be used as a prerequisite.
_____ ENVS 3 (Environment and Society: Towards Sustainability?)
It is possible to substitute other course combinations for ENVS 3 on a two-for-one basis.

CORE COURSES: Please choose one from each group

Environmental Science

_____ ENVS 20 (Conservation of Biodiversity), ENVS 25 (Ecological Agriculture) **or** ENVS 30 (Global Environmental Science)

Economy and Environment

_____ ENVS 55 (Ecological Economics) **or** ENVS 56 (Environmental Economics and Governance)

Environmental Governance

_____ ENVS 61 (Governing the Environment) **or** ENVS 65 (Global Environmental Politics), ENVS 67 (Political Ecology)

CRITICAL ISSUES IN ENVIRONMENTAL STUDIES: Please choose one These courses employ interdisciplinary approaches—integrating aspects of the natural sciences, social sciences and humanities—to understand historical and contemporary environmental problems.

_____ ENVS 11 (Humans and Nature in America), ENVS 12 (Energy and the Environment), ENVS 15 (Earth's Cold Regions), ENVS 17 (Marine Policy), ENVS 18 (Native Peoples in a Changing Global Environment) **or** ENVS 28 (Global Environmental Health)

ELECTIVE FOCUS COURSES:

Three related and relevant non-introductory (i.e., 10 or above) courses, **at least one from ENVS**. Courses from outside the ENVS Program may be used with permission of an ENVS Major Advisor.

Course numbers and names

1. _____
2. _____
3. _____

In addition, write a short paragraph on a separate sheet explaining rationale for elective focus courses and how they fulfill your goals for the Major.

CULMINATING EXPERIENCE:

_____ ENVS 50 (Environmental Problem Analysis) **or** ENVS 84 (Environmental Issues of Southern Africa) **or** ENVS 91 (Thesis Research)
